CHARACTERISTICS:

Liquid Intelligents 302 Tyre Dressing is a protective silicone cleaner and coating for tyres, which contain special oils to leave a long lasting shine. Liquid Intelligents 302 Tyre Dressing may also be used on other rubber surfaces, plastic bumpers, mouldings and mud flaps. Liquid Intelligents 302 Tyre Dressing's professional strength formula is designed for use in new and used car sales facilities, car detailing shops, car washes, fleet maintenance garages, and professional restoration operations. Liquid Intelligents 302 Tyre Dressing is a special blend of silicone polymers and cleaners in a low odor solvent based formula that prevents drying, cracking and fading. Liquid Intelligents 302 Tyre Dressing leaves tyres with a deep black finish that will look great for weeks.

Benefits Provides a rich natural lustre to tyres and other components. Will not stain painted surfaces or "sling" if properly applied. A detergent resistant multi-purpose dressing for those that prefers a natural appearance.

Directions: Spray on or pour on to a sponge or soft cloth and apply to component to be dressed. Wipe away any excess.

Tech Tip: For best results make sure that component to be treated is clean and dry.
